

Just the Facts

2005 in particular gave way to early summer rains and cooler than normal temperatures in the fall, yielding near perfect acid/sugar ratios. Surprisingly, this Diva is very approachable graciously offering strawberry on the nose and the palate with hints of chocolate underneath.

Soft and smooth are the catch phrases for the texture of this wine. Enjoy Diva during the summer heat or by a toasty fireplace. We like to pair this wine with Peking Duck or our summer favorite of strawberry short cake for dessert.

Label No:	014
