

## Just the Facts

The 2007 season had a warm spring which accelerated the growing cycle, followed by cooler than normal summer weather which slowed things down a bit, then ideal conditions - dry, warm and sunny - which enabled a trouble free harvest. Surprisingly, this Diva is very approachable graciously offering a delightful blend of butterscotch, strawberry-vanilla on the nose. Soft and round on the palate with a long slightly tart finish. Enjoy Diva during the summer heat or if it's cold outside by a toasty fireplace. Try savoring this wine with strawberry cheese cake or slices of kiwifruit with kumquat poppers.
